D E N T A L M E D I C I N E

Dear Moms & Dads,

Do you want to give your children a great smile to grow on? For over a decade, Highpoint Dental Medicine has provided you, your friends and neighbors with outstanding dental care in an atmosphere of competence and trust.

And now, we are very pleased to introduce a new member of our dental family – **an expert in the field of pediatric dentistry and a staff member at Children’s Hospital of Philadelphia** – Neel Satpute, DDS. “Dr. Neel” greatly expands our ability to address the dental needs of children throughout our area.

**Good habits start early!** Did you know that the American Academy of Pediatric Dentistry recommends that your child’s first dental visit be scheduled within 6 months after the first baby teeth come in and no later than 12 months of age? Dr. Satpute joins Highpoint Dental Medicine exclusively to treat infants, children, and adolescents, and welcomes children with special needs.

Give your child the confidence that comes with a healthy, beautiful smile and get **\$50 off** their first visit! Call us at 215.822.1866 to schedule an appointment.

Brian L. Wilk, DMD • Gregg S. Rothstein, DMD • Neel Satpute, DDS

**\$50 Off**  
First Visit  
for New  
Patients!

**Cosmetic, General & Pediatric Dentistry**
